For a number of years many people or activists have been working towards this. Let each one of us play the role of “Climate Warrior “and do our bit to improve the situation.</p> <p>1. Seed Bank: "Save a million seeds this summer".</p> <p>When most people think about banks and saving for the future, they think of finances. But to ensure our future is as ecologically rich as today, we need to broaden our horizons and consider saving in a different light. Seed banks do just that.</p> <p>All the students are advised to save every seed possible and plant and nurture them in creative, recycled pots, plastic bottles (seeds of coriander, tomato, green chillies etc).</p> <p>Besides this save the seeds of different fruits like jaamun, mango etc. In order to do that you need to wash the seeds, dry them in shade and keep them safe, check regularly to avoid fungal growth, ultimately plant them at different places (if situation permits). Click pictures, make collage or a short video using different apps.</p> <p>2. Save Birds: Provide habitat, food and water to the birds using old bottles, cans, small earthen pots (refer to the pictures given below)</p> <p>Get yourself clicked when you do the activity and also when birds visit that place.</p> <p>Make a collage or video using different apps.</p> <p>3.
