FROM THE PRINCIPAL'S DESK....

“Without your involvement you can't succeed,
with your involvement you can't fail.”

These words still resonate in our ears due to the sheer truth it conveys. The voice which is fading away has this most optimistic quality. This involvement brings a change in you, in others and every situation, you are in, Good changes are the fore runners of progress. This dynamic world is waiting for our participation and involvement. Alienation or detachment gives consolation only to cowards. Therefore, it is our foremost duty to bring some difference in our immediate environment. This commitment will bring considerable changes in the society. “Making India” is a beautiful dream. Actualization of this dream is in our hands.

I am happy that today my students have scaled highest heights and achieved many an enviable position. Yes, today they are good human beings and worthy citizens of the Mother land. This in fact was my aim which I envisaged at the beginning of my journey. Bal Bharati, Nishatpura is growing up to be one of the best institutions imparting not only academics but also building up individuals with qualities of mind and heart and it is our belief that they will make the society and our nation proud by making it a better place to live in.

GOD BLESS!

EDITORIAL

Excellence and perfection are the two states,
which can be achieved through sheer practice.

Both are the result of experience acquired over a span of time.

They are not absolute concepts but are relative. With time and person, they vary. How do we know that we have created something very perfect? when our heart and mind together say YES, we can be sure that we have delivered our best. But we have never seen a scientist who has stopped working after inventing something, Michael Angelo continued to paint even after creating Monalisa.

The quest for perfection never stops. Let us keep this innate desire to do more and discover more.
