FROM THE PRINCIPAL'S DESK.....

**"TO THOSE WHO SEE WITH LOVING EYES, LIFE IS BEAUTIFUL,
TO THOSE WHO SPEAK WITH TENDER VOICES, LIFE IS PEACEFUL,
TO THOSE WHO HELP WITH GENTLE HANDS, LIFE IS FULL,
AND TO THOSE WHO CARE WITH COMPASSIONATE HEARTS
LIFE IS GOOD BEYOND ALL MEASURES !!!"**

We believe in a joyful experiential learning system where in, each child is encouraged to participate whole heartedly!

At BBPS, Nishatpura, we leave no stone unturned to offer multitudes of opportunities to our children, it is for them to make the most of it. Children should be motivated to grab every opportunity that comes on their way which would not only help in their holistic growth but also strengthen their belief in team work, which is important in this fast- paced world. They need to understand the importance of emotional balance, critical thinking and most importantly accepting failure graciously! It is our strife to endow them with all these qualities and more.

We believe in empowering our children in such a manner that they act as representatives of a meaningful and value-based society. Our pedagogy which is holistic and comprehensive, compliments this. We have a team of fabulous faculty members who display boundless energy and intense commitment which keeps the ethos of our school shining bright.

At BBPS, Nishatpura we enjoy this journey with our children, reliving and rediscovering the magic of Learning!

We are aligned with the thoughts of Buddha

EDITORIAL

**"A SCHOOL IS A BUILDING SURROUNDED BY FOUR WALLS WITH THE
FUTURE INSIDE."**

It's a social institution that reflects the standard of the society. Therefore, good schools are needed for a good society to recognize and utilize hidden talents for the fullest possible upliftment and progress. A School may be termed as a pious and sacred institution. One step ahead it ignites the young minds and mold's the pupils to good citizens as well as the good leaders of the Nation.

"Fanzine - Post" is a Newsletter through which the students can expose their talents. Achievements are highlighted here. We believe that the writing potential exists in all, but it is the urge to write that a few possess. It has been our constant endeavor to stir this urge. We hope that this will help them develop into the writer's they want to be

Individually and collectivity let's work to serve the cause of Education, for the betterment of the coming generation so that they live in a world where "Knowledge is free and the head is held high" where the world has not been broken - of into fragments by narrow domestic walls and where, "the clear stream of reasoning has not lost its way.
